of Engineers®

## Put-In-Bay Harbor, OH

### Harbor Features

- Located on Lake Erie on the north side of South Bass Island, Ottawa County, Ohio.
- Authorization: River & Harbor Act of 1937.
- Shallow draft commercial harbor.
- Controlling depths are 14 feet in the entrance channel and 8 feet in the harbor basin.
- Active commercial harbor with 9k tons shipped/received in 2003. Shipments consist mainly of supplies for the residents of South Bass Island.
- Major stakeholders include commercial shipping interests, commercial ferries, charter fishing interests and the recreational boating community.

### Project Needs

- Currently, there are no critical maintenance needs.
- Semi-annual maintenance needs include project conditions surveys and sediment sampling and analysis.
- Maintenance dredging is required very infrequently. The project was last dredged in 2000 when 5,000 cubic yards of sediment was removed.

### Consequences of Not Maintaining the Project

- Negative economic impacts, locally and regionally.
- Potential safety issues for commercial and recreational boating community.

### Transportation Importance

- Harbor of refuge.
- Supports 5 charter fishing boats generating approximately \$26,635 in Net Income annually.
